(Start Belt #12)

we start on LB 763. And the Budget Committee who probably will not be here this afternoon could look at the list and give to the Clerk any bill that they would like to have be passed over. I only do this I think maybe for the next few days, we ought to in the morning discuss the controversial bills, and the afternoon discuss noncontroversial bills as long as the Budget committee is holding hearings in order to complete their work. Only offer this as a suggestion. I so move.
